

POP-HOLE DOORS KU

- ✓ Solid airtight closure
- ✓ Made entirely of plastic and stainless steel
- ✓ Easy assembly
- ✓ Flexible dimensions
- ✓ Integrated wall frame
- ✓ Insulated slide

A good solid pop-hole is an important part for an optimal barn climate. Air leakages at the pop-holes will have negative influence on the climate conditions in your barn. With the Scan-Air pop hole doors you have the right doors to ensure a trouble free, hygienic control of the openings in your barn.

The pop-hole door is self-closing, and is opened through a motor. By working with multiple doors per department, it is possible to close a number of doors in cold periods. We can make the pop-holes in all sizes in height, width and depth. Whether it is a brickwall, concrete wall or sandwich panel, the wall frames can be made for all applications. The Scan-Air pop-hole door is made entirely of plastic and stainless steel which guarantees a long lifetime. For every application and opening we can make a suitable pop-hole.

Technical data KU

Type Pop-hole	Wall frame dimensions			Net opening width (mm)	Hole sizes (mm)		Stroke length (mm)
	W	H	D		W	H	
KU-H1-1000	1040	540	100	1000	1050	550	550
KU-H1-1100	1140	540	100	1100	1150	550	550
KU-H2-2000	2086	540	100	2001	2096	550	550
KU-H2-2200	2286	540	100	2201	2296	550	550
KU-H3-3000	3132	540	100	3002	3142	550	550
KU-H3-3300	3432	540	100	3302	3442	550	550

Dimensions custom made pop-holes:

Width:	200-4800 mm (each step possible)
Height:	245-670 mm (in steps of 25 mm)
Depth:	0-500 mm (in steps of 25 mm)

About Scan-Air

Scan-Air is a leading manufacturer in the field of ventilation, daylight and pop-hole systems. For over 25 years we are producing high quality products with our advanced machinery and our dynamic organization. Characteristic of Scan-Air's products is the use of a well thought-out building system, which enables us to offer a suitable solution for every application. The use of plastic and stainless steel materials guarantee a long lifetime.

Scan-Air offers a complete package of ventilation, daylight and pop-hole solutions. With our knowledge and expertise in these fields, we can design the suitable total concept for your barn.
